Career Objective

Motivated and enthusiastic AI/ML student seeking an internship opportunity to apply machine learning, data analysis, and programming skills in real-world projects.

Education

B.Tech in Computer Science (Artificial Intelligence & Machine Learning)
XYZ Institute of Technology, 2023 - 2027
CGPA: 8.5/10

Technical Skills

- Python, C++, Java
- Machine Learning, Deep Learning
- NumPy, Pandas, Scikit-learn
- HTML, CSS, JavaScript
- Git & GitHub

Projects

Student Performance Predictor

- Built a machine learning model to predict student scores using Python and Scikit-learn.

Face Mask Detection System

- Developed a deep learning project using OpenCV and TensorFlow.

Certifications

- Introduction to Machine Learning - Coursera
- Python for Data Science - Udemy

Strengths

- Quick Learner
- Team Player
- Problem Solving
- Good Communication

Declaration

I hereby declare that the information provided above is true to the best of my knowledge.
